

|                                 |   |          |  |
|---------------------------------|---|----------|--|
| Project as Approved             | Project Number  |          |  |
|                                 | Employer  |          |  |
|                                 | Region the training is being delivered  |          |  |
|                                 | Qualification (name and level)  |          |  |
|                                 | Number of learners:   | Existing |  |
|                                 |   | New      |  |
|                                 | Government Contribution   |          |  |
|                                 | Employer Contribution   |          |  |
| Total Project Value             |   |          |  |
| Changes to Approved Project     | What is the change that is requested?   |          |  |
|                                 | Does the change meet the eligibility requirements as outlined in the Guidelines?                              |          |  |
|                                 | Was the change requested by the Employer or Training Organisation?  |          |  |
|                                 | Have the learners already commenced training?   |          |  |
|                                 | Does the change result in a change in the price per qualification? If yes provide evidence to justify change. |          |  |
|                                 | Is this a change to the RTO? If yes why a change? Is the RTO accredited to deliver the requested training?    |          |  |
|                                 | Additional Comments   |          |  |
| Project once change is approved | Region the training is being delivered  |          |  |
|                                 | Qualification (name and level)  |          |  |
|                                 | Number of learners:   | Existing |  |
|                                 |   | New      |  |
|                                 | Government Contribution   |          |  |
|                                 | Employer Contribution   |          |  |
| Total Project Value             |   |          |  |
